Question: Curiously, what is the total amount of 'vouchers' available to all teachers...seems like 30ish schools and assume numerous teachers per school and how many vouchers does each teacher receive?...so guessing there are 100+ vouchers?

ANSWER: Yes, depending on student enrollment some schools have 200 – 300 coupons to use other schools have 60 – 70. For each school, every teacher should have around 6 – 8 program selections!

Can you confirm once teachers select a program (let's say in October) that they can re-show that video for the whole remainder of the school year...or is the video time sensitive?

ANSWER: Yes, once a program is selected that teacher have use of the program with 1 class of students from the time of selection until the last day of school, June 15, 2020.

How does the use for one class work for middle school teachers who have several classes?

ANSWER: Teachers who want to use 1 program with multiple classes of students will communicate that with Hartford Performs and arts providers will be paid royalties for each different class use. This is true for middle school and arts teachers.

Q: Will HP consider the virtual video offering ongoing or revert back to your prior in-person offering...or a combo?

ANSWER: Yes, that is being examined right now with our board, staff, arts providers and constituencies for our new strategic plan.

How do you determine which of the 6 categories our videos go in? Where do teachers see our brief description?

ANSWER: Categories are determined based on what arts providers fill out in the program description and the in-person program curriculum connections.

01:03:40 Bob Dornfried (Prof Noodles McDoodles): Videos allow teachers to revisit programs multiple times....in-person offerings are a one time deal....

Are you considering live virtual programs where artists would receive performance fees for each presentation?

ANSWER: Planning for Live Virtual Programs has just started; we will reach out to you with more information. Live Virtual Programs are treated as field trips for HPS, the teacher needs to get district permissions and students need to get family permissions for each LIVE online program.

Q: Assume a single program is only in one category even if there's overlap in more than one category?

ANSWER: All programs are in two categories.

Can you share the link to the HP promo video which seemed to be on YouTube?

ANSWER: Yes! It will be shared in this meeting follow up newsletter. If you do not receive newsletters from Hartford Performs please email Jeanika Browne-Springer jbrowne-springer@hartfordperforms.org

Will you be looking in the future to offer real time interactive video programs?

ANSWER: Planning for Live Virtual Programs has just started; we will reach out to you with more information. Live Virtual Programs are treated as field trips for HPS, the teacher needs to get district permissions and students need to get family permissions for each LIVE online program.
